

# 1800 Series

## Hot-Water Pressure Washers

Hotsy's 1800 Series is designed for users looking for high performance and fast cleaning. These machines use heavy-duty components on a rugged chassis.

**5-6 GPM @ 2500-3000 PSI**

■ **Upright Burner** (510,000 BTUs) delivers high-temperature performance while maintaining a constant temperature

■ **50-ft. length of high-pressure hose** for easy cleaning in large areas.

■ **Stainless-steel coil skin** provides extra durability to withstand the elements, resist corrosion and endure rough treatment.

■ **Pressure-relief valve** protects the machine and user.

■ **10 HP Baldor electric motor** available in 208V, 230V, 460V and 575V, 1PH and 3PH, includes thermal overload protection and manual reset

■ **Elevated gas valve**

■ **Simple easy-to-use control panel** includes adjustable temperature control with precision safety controls.

■ **Built-in wand holder** provides convenient storage.

■ **Quick disconnect stainless steel nozzles** are color coded for quick and easy changing between 0°, 15° and 40° spray nozzles.

■ **Hotsy Triplex positive-displacement pump** carries seven-year crankcase and lifetime manifold warranties.

Equipped with these standard features:

- Electronic ignition
- Hour meter
- Safety thermal shutdown
- Float tank
- Time delay shut down

# Hotsy 1800 Series Pressure Washers

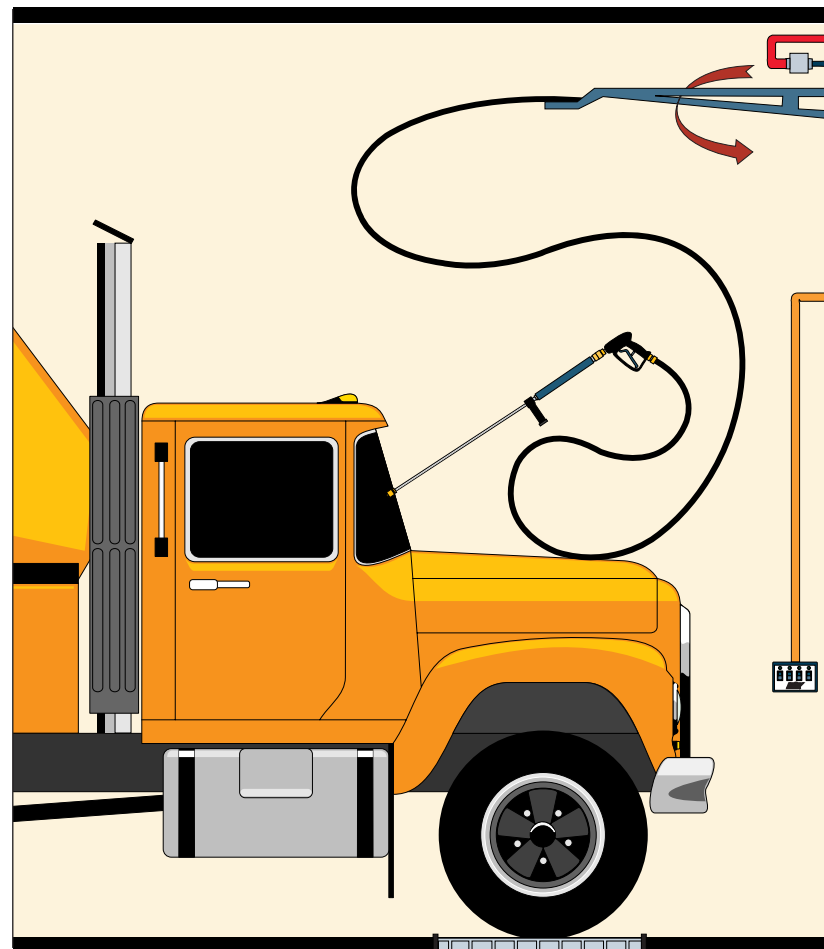

If your business survival depends on heavy-duty cleaning, choose the Hotsy 1800 Series.

If tough industrial cleaning is essential to your business, one of Hotsy's 1800 Series pressure washers is vital to your operation. These rugged pressure washers combine high-performance cleaning power and high-reliability to provide the best cleaning solution available today.

Hotsy has thoroughly engineered these rugged industrial machines for heavy-duty situations. They're designed to deliver high volumes of hot water for continuous, non-stop cleaning applications. Hotsy's rugged design ensures long life and includes safety controls such as a temperature high-limit switch, thermal shutdown sensor and a safety pressure relief valve, which protects both you and your Model 1800.

You won't find a more reliable system for cleaning construction equipment, tractor trailers, cement trucks, agriculture equipment, railroad cars, utility equipment, sanitation trucks, food-processing and packaging plants, or virtually any type of equipment that demands heavy-duty cleaning power.

What ever model you choose, the 1800 Series delivers the water volume to strip away heavy accumulations of mud and grease, the pressure to blast away anything from heavy oil to mixed concrete and the heat to fully-activate Hotsy's powerful detergents for optimum cleaning performance. Choose a Hotsy 1800 pressure washer and you've got today's best solution for those tough industrial-cleaning tasks.

Control panel provides easy access to low-voltage safety switches.

Belt-driven Hotsy pump with industrial-grade Baldor motor.

Elevated electronic gas control.

## Accessories to match your application

With their easy adaptability, the 1800 Series models are prime candidates for Hotsy's full line of accessories. You can custom tailor the washer to your specific requirements, making your cleaning jobs faster, easier and better. Choose from extra hose lengths, hose reels, wand extensions, quick couplers, downstream detergent injector, foam applicator, wet sandblaster, rotating brush and more.

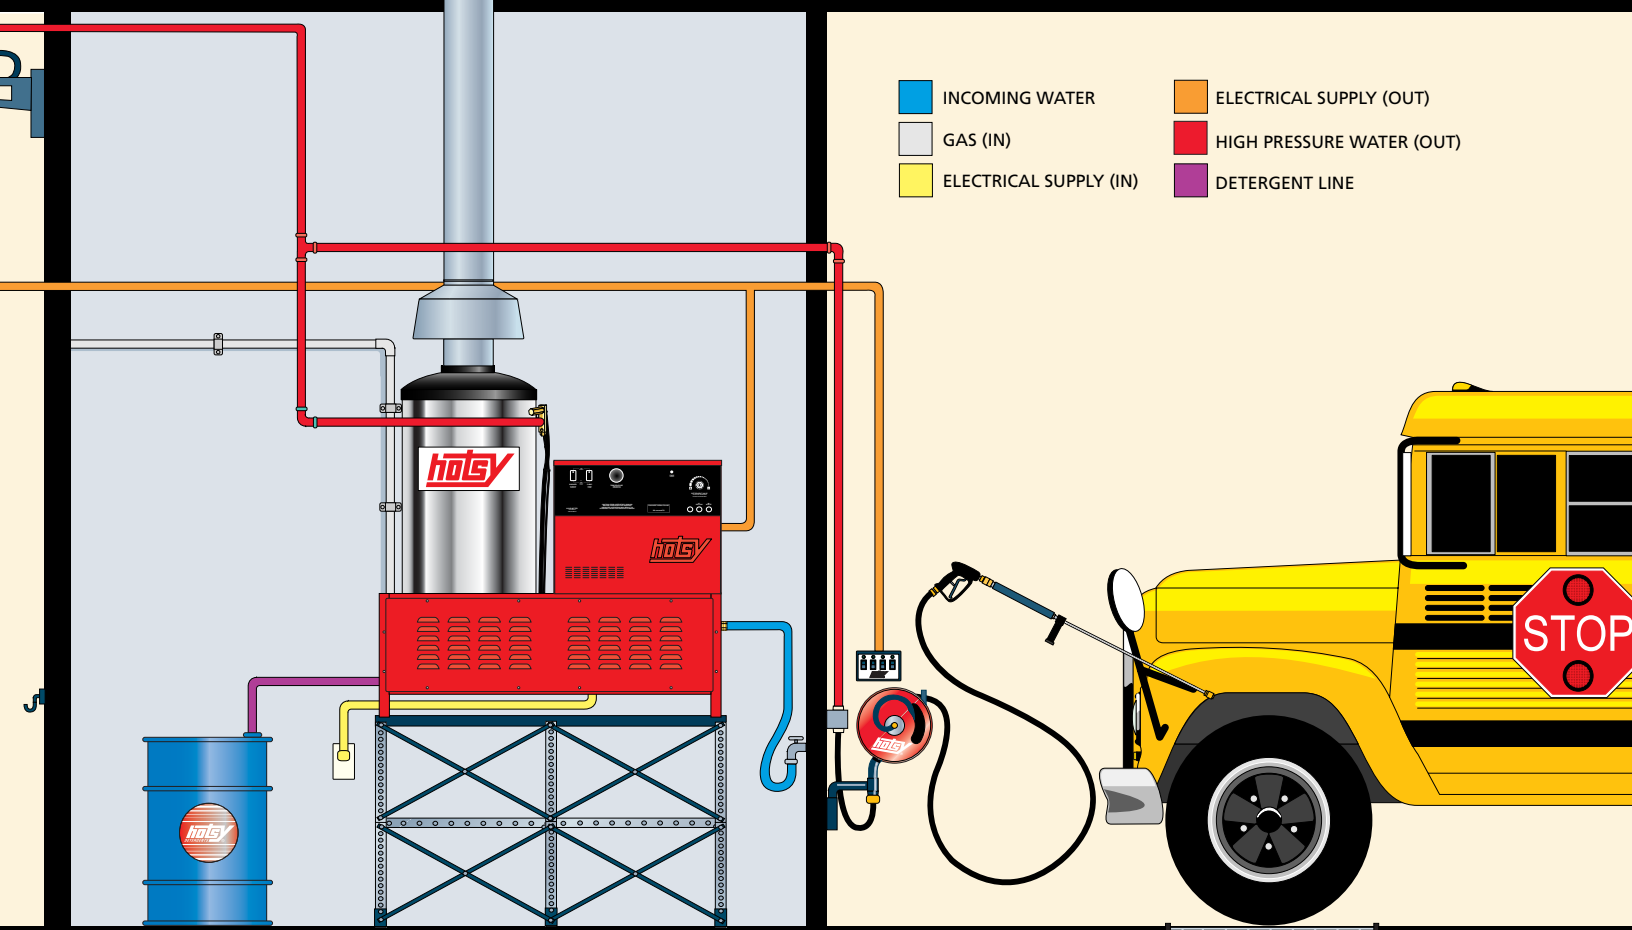

Optional bulk tank saves money and simplifies detergent handling and re-ordering.

Optional hose reels keep hoses neatly stored for a safer environment.

The 1800 Series pressure washers are ideal for use in wash bays as well as remote applications. All models are ETL approved to UL 1776 and conform to CSA Standards to meet code requirements.

**Hotsy's 1800 Series combines high volume, high pressure and rugged construction for a bulletproof industrial cleaning machine.**

The 1800 series includes 12 models, giving you a broad choice of heavy-duty machines for your toughest cleaning tasks, such as construction equipment, tractor-trailers, agriculture equipment, sanitation trucks or any type of equipment that demands heavy-duty cleaning power.

**Discover Hotsy's no-cost benefits**

Choose the 1800 Series for its high performance and reliability. Then enjoy the benefits of doing business with the leader in industrial cleaning equipment. You'll find more than 120 models of pressure washers to choose from, free on-site demos, factory-trained service personnel, pre-delivery dealer prep, on-site machine check out, operator training, local parts and accessory inventory and an unbeatable warranty program.

**Clean better with Hotsy detergents**

Hotsy's broad selection of biodegradable detergents are formulated specifically for high-temperature, high-pressure cleaning. This means you get the best results from your Hotsy pressure washer, as well as protect it. Exclusive advanced-formula HCC additives continuously clean the lime and mineral buildup that can occur in your washer's coil and fittings. This cleaning action reduces replacement costs and improves machine performance. Most Hotsy detergents are USDA and Canadian Agriculture approved and they're concentrated, so a little goes a long way.
